

# ■ Deutsch-Uni Online

Learn German online for Study, Scholarships and Career!

Deutsch-Uni Online (DUO) offers interactive and flexible learning of the German language for all language levels. DUO thereby combines language acquisition with the transfer of technical and practical knowledge. Due to intensive tutorial support, learners may use DUO to prepare themselves ideally for a study period or a research period in Germany.

DUO offers courses in these categories:

### basis-deutsch: basic German

- basis-deutsch modules: **basis-deutsch A1, basis-deutsch A2**
- for all who want to learn the basics or "freshen up" their language skills
- grammar, vocabulary
- language learning in listening, reading, writing, speaking
- cultural and all-day know-how
- 100 working hours for each basic German module
- minimum starting level: 0, A1

### uni-deutsch: university German

- uni-deutsch modules: **sprachkurs, studienorganisation, studienpraxis, TestDaFtraining**
- language training in listening, reading, writing, speaking
- grammar, vocabulary
- learning and working techniques
- TestDaF preparation
- insight into study organisation and study practice
- cultural and all-day know-how
- up to 200 working hours
- minimum starting level: B1, B2

### fach-deutsch: technical German

- fach-deutsch modules: **economics, law, medicine, nature, biology, culture, psycholinguistics, technology**
- combined presentation of technical knowledge and technical language
- study or career preparation
- 100 working hours for each technical German module
- minimum starting level: C1

The **advantages** of DUO:

- user-friendly, addressee specific
- independent of time and place
- always up-to-date content
- multimedia exercises
- modern didactics

- individual learning methods and content
- fun, authentic assignments

DUO is especially suitable for:

- students who are planning a study period in Germany
- foreign academics
- all interested learners

Available service functions:

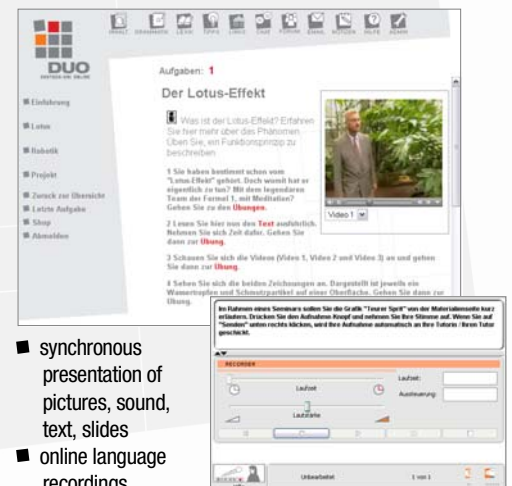

- eAssistant for multimedia exercises
- electronic dictionary
- communication via chat, forums and e-mail
- whiteboard, notepad

Additional aids:

- installation service
- accompanying manuals
- CD ROMs

Possible learning methods:

- learning by oneself
- with syllabus and guidance
- with intensive support of a tutor
- combined with presence lessons

- synchronous presentation of pictures, sound, text, slides
- online language recordings
